Re: Notification of Demolition and Renovation
40 CFR 61.145(b)

Dear Mr. Tu:

On April 5, 2016, the Merck Sharp & Dohme Corp. facility in Rahway, NJ (Merck) submitted a notification to perform asbestos abatement in Building 75. This updated notification is being submitted because the asbestos removal will begin on May 10, 2016 rather than April 19, 2016 as stated in the April 5, 2016 notification.

As required by 40 CFR 61.145(b)(3)(iv)(A)(1), a telephone call was placed to the USEPA- Region 2, Asbestos Section Office on April 21, 2016 to provide the revised start date for this asbestos removal.

Please contact Ms. Kathi Bragdon at (732) 594-7558 if you have any questions or need additional information.

Sincerely,

Sandra Schenk
